PotBS Name Reservation System Announcement + BSN SALE

Exciting news! As the **Legacy Server** is nearing completion, we are now opening the **Name Reservation System**. The purpose of this system is to allow Players to ***reserve*** the name of a Captain that they have on their Account for use on the Legacy Server ***before it officially opens.*** The intent of this System is to prevent a mad dash of Players grabbing popular Captains' names on Legacy (quite possibly names that veteran Players have used for years and are well-known by).

"**Reservation**" of a Captain's name means that *only the reserving Account can create a new Captain with that name*.

Reserving a name goes beyond the Legacy Server -- a Reserved Name is reserved for your account across ***ALL*** servers that it does not yet exist upon. In other words, if the name exists on **Antigua** but does ***not*** exist on **Roberts** (or Legacy), it will be reserved on both Roberts and Legacy, along with any other Servers that may open in the future. On the other hand, if it exists on both Antigua and Roberts, but is owned by ***different*** Accounts on each Server, then the Account that Reserves the name first will be the one to get the reservation for all the Servers it does not yet exist upon.

(Note that if you have an existing Captain on a given Server, and either do not choose to Reserve their name and/or someone else Reserves that name, your existing Captain on its current Server will not be affected in any way)

To give enough time for the word to spread and for everyone to Reserve their Captains' Names despite the holiday season, the Name Reservation System will be open for several weeks before the Legacy Server is opened. Please note that the opening of the Legacy Server will be accompanied by another Newsletter and a lot of fanfare.

We regularly talk about PotBS and make announcements on the game's official **Discord** Server. You can also read the **Patch Notes** on the Discord Server, in the **#patch-notes** channel! It's a great place to meet and interact with other lively Captains of the Burning Sea on every topic from Trade to Societies, Missions to PvP! If you have not yet joined our Discord Server, we encourage you to do that now, at: https://discordapp.com/invite/burning-sea
